

Handheld signals

Applications

IKAROS handheld flare, red

For short range distress signalling on ships, lifeboats and life rafts. Also the best pinpoint signal for pleasure craft.

IKAROS handheld flare, white

A warn-off signal for use by vessels and pleasure craft.

IKAROS handheld flare, smoke

Designed for daylight distress.

Design and function

The case is made of corrosion-resistant steel and carries clear and simple instructions for use.

General

IKAROS handheld flares are designed to give maximum output for a minimum size. The flare compositions are developed from the IKAROS parachute flare, which is known to be the best in the world. IKAROS handheld flares are approved globally and meet the latest SOLAS 74/96 regulations.
